Hi again,

Sorry to have to reschedule our conference call again, but I just found out about a potential all-day off-site meeting on the 2nd. To ensure that we don't have a conflict, it would be good to move our call. Is there a good time on August 3rd that would work for all of you? If not, maybe we can find a good time on the 5th or Monday August 8th? Thank you so much.

If you have a chance to see each other's calendars, please just let me know a few possibilities, and I'll check on our end for Meet Me Line availability and send back something to everyone.

Jill
